

THE OAKES TIMES

Oakes, Dickey County, North Dakota, Thursday, January 25, 1906

Ed. Sanderson is out about \$1,000 as the result of misplaced confidence. He sent his hired man down to Chicago a short time ago with the money to buy a carload of horses. The man bought the horses and while on the way home temptation seems to have overtaken him at a little town in Minnesota, for he sold about \$1,000 worth of the best and sent the balance to Oakes. It is needless to say the hired man is still missing.
