CHRISTMAS 1992

\*\*\*\*\*

Dear Grandchildren,

We : Peggy, Patty and Shirley thought it would be real special for all of you to have a collection of recipes, special thoughts, etc. from your Grandma.

She consented to compile this for you and she gives it to each of you with much love.

You know, some of our most cherished memories are around Mom and Dad's big 'ol dining room table, sharing Mom's delicious cooking and conversation sparkled with much laughter.

Some of our loved ones have gone on to their heavenly home and we miss them very much.

But we still hope to have many of those special times together in the future.

We hope you will not only enjoy her recipes, but will also savor the "flavor" of the days gone by that she and Grandpa shared.
