A Guide to the Danish Emigration Archives Database

Follow these steps to find indexed emigration information on the Emigration Database:

1. Begin by going to the website: www.udvandrerarkivet.dk
2. Once at the website, click on the dropdown box labeled “Select Language,” at the top of the screen and select “English.”
3. Once the page is in English, click on the link “Emigration Protocols.”
4. You will then come to the search page. Fill in the boxes with the information you know. Just remember these few simple tips:
   a) The website does NOT look for spelling variations. You will need to try different spellings if you don’t find your ancestor right away.
   b) When entering the name, you must enter last name first, then first name.
   c) You can search by just presentation date or contract number.
5. After selecting search, you will be given a list of results in Danish. Find your ancestor in the list, then use the guide below to understand the information.
